

## Pearson BTEC Level 2 Award in Peer Mentoring

The Pearson BTEC Level 2 Award in Peer Mentoring introduces the skills, qualities and knowledge required to support and nurture other workers, volunteers, placement, and work experience students within the social care sector. The course comprises 4 compulsory units, and takes approximately 60 hours to complete. This includes time spent with tutors, time spent doing tasks and assessments, and time spent practicing your skills.

Peer mentoring involves one-to-one, non-judgmental relationships between people in similar jobs, often with similar shared experience. Peer mentors offer support from a position of real understanding. Mentoring programmes range from focused supervision to informal 'buddying' schemes. Effective peer mentoring gives everyone opportunities to learn and develop valuable skills and qualities, benefitting both themselves and others. This qualification adds credibility to peer mentoring roles, recognising mentors' valuable contribution to non-formal teaching and learning.
